Curriculum Contributions

We are committed to providing the very best education for all our students. We are looking forward to a great year of teaching and learning and would like to advise you of our voluntary financial contributions for 2026.

Schools provide students with free instruction to fulfil the standard Victorian curriculum, and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students.

We want to thank you for all your support, whether that's through fundraising or volunteering your time. This will make a huge difference to our school and the programs we can offer.

You will receive a Parent Payment letter outlining the voluntary contributions via email. Please speak with our Business Manager if you have any queries about financial matters. There may be one-off payments for incursions/excursions or special events, these will be advised via Compass.

For further information on the Department's Parent Payments Policy please see
